

# Summer Adventure

## Camps

Come and join us for our themed summer camps. Themes will run for 2 weeks each and include daily art projects, community service projects, weekly field trips, visits from community professionals and much more fun. We will be participating in a weekly community lunch where the ASC group will make a lunch for both the ASC and preschool groups, as well as daily art and music explorations that will cover many genres. You can sign up for one week, one camp or the whole summer. Post Dated cheques are due with registration \$37.50 per day. Please complete the attached form and return ASAP as spaces will fill up quickly!

### MasterChef & Mad Scientist Camp. (July 2<sup>nd</sup> -13<sup>th</sup>)

Back by popular demand. During this camp we will be exploring the basics of cooking, food preparation, healthy shopping practices, and much more. We will also be having a baking challenge and will have a bake sale to raise money for a great cause. We will also be engaging in a Mad Scientist training program where we will be conducting many experiments, making predictions and exploring reactions.

### Be a Tourist in our Town. (July 16<sup>th</sup> -27<sup>th</sup>)

Look out World! Here we come! For this camp we will be exploring the things that make Prince George a wonderful and special place to live. Learning about Mr PG, how Prince George came to be, and many local businesses and people that make this community a success. We will also be participating in Geo Caching challenges to get out and about within our community.

### Channel your Inner Palaeontologist. (July 30<sup>th</sup> – Aug10<sup>th</sup>)

Everyone loves dinosaurs and so do we. During this camp we will become junior palaeontologists and learn everything there is to know about the prehistoric creatures. We will be making our own fossils, learning where the different dinosaurs lived and even doing a dinosaur dig to see if we can find our own dinosaur. The adventure awaits.

### Structural and Community Design (Aug 13<sup>th</sup> – 24<sup>th</sup>)

This camp we will look at design and structure of buildings and structures. From the Leaning Tower of Pisa, to the Eiffel Tower, CN Tower, to the coliseum. We will learn about blue prints and how buildings are designed and made from architects and engineers, and will make buildings and structures of our own.

Please Note we will be closed August 27<sup>th</sup> – September 4<sup>th</sup>
